SIR

I have the honour to state that on a proposition moved by Mr Keshaviengar Municipal Councillor II Division to provide Telephone, free of cost to all the Municipal Councillors, the Municipal Council have resolved on 24-4-1944 that every Municipal Councillor be provided with a phone immediately as it had become a necessity for the discharge of their duties A copy of the said Council resolution is herewith forwarded for favour of orders of

I have the honour to be
Sir
Your most obedient servant

P Suryanarayana Setti
Municipal Commissioner

Forwarded with compliments

C V Narasimha Setti
Honorary President

Submitted for perusal & orders.
There are 30 municipal councillors & the proposal means the supply of 30 telephones obviously free of cost. The proposal cannot be approved, as it means loss to Govt. Further, telephones are stated to be not available & may be supplied according to priority basis in the Electrical Dept

No 2/44

Dear Sir,

934 Ministerial 31/8

GOVT OF MYSORE

In inviting your reference to Municipal Commissioner's letter No A2 PR-167/434 dated 8-8-44 forwarding the - Council resolution in the matter of giving phone connections to the houses of those Members who are willing to have the same, I write to state that on a reference from me to the Superintendent Bangalore Power and Lighting, requesting him to arrange to give phone connections to the residences of the Councillors, the General Superintendent, Cauvery Power Scheme, has written to me stating that he had received only a limited stock of telephones and that they have been - allotted for essential services, Government Departments and private individuals whose business required telephone for their work, and that it is not possible to accede to the request of the Councillors A copy of the reply received from him is herein enclosed for favour of information

In this connection, you are aware that Municipal service is as much an essential service as any other In these days of difficulty in getting transport, the Members find it - very hard to attend to the civic needs of their localities promptly and regularly A phone in their house would certainly give them the chance of getting into touch with the Executive and others and see that their works are down

down immediately Further, with the expansion of the City, the need for public phones is on the increase and Government may not find it possible just at present to have public - booths in every division On the other hand, if a phone is given to every member, the residents of that division would have access to the same and they can use the phone as a - public one

In these circumstances, I request you to kindly see that suitable instructions are issued in this behalf to the concerned authorities to fix phone connections to the houses of those Members who are willing to have the same

Yours sincerely,
